Dear Parents, Guardians, and School Administrators,

Important Update Regarding Bus Transportation Policy

We are writing to inform you of an important change in our school district's bus transportation policy, effective **November 24, 2025**. After careful consideration and in the interest of student safety, we will no longer be accepting notes or requests from parents or guardians to allow students to ride a different bus or get off at a different stop, whether it is to ride with friends or for any other reason.

Why is this change happening?

Our primary responsibility is to ensure the safety and security of all students while they are on the bus. Allowing students to switch buses or change drop-off locations can create logistical challenges and increase the risk of confusion or safety issues. This policy will help us maintain a safe, predictable, and efficient bus service for all students.

What does this mean for you?

- Students must ride their assigned bus and get off at their designated stop.
- If your child needs to make a change to their usual bus route (for example, a permanent change in stop location or bus), please submit another registry form to the Department of Education so that your information can be updated accordingly.
- In the event of an emergency or a change that cannot be prearranged, please reach out to the school's main office, and they will work with you to ensure your child's safe transportation.

We understand this change may require some adjustment, and we appreciate your understanding and cooperation in helping us ensure the continued safety and well-being of our students. If you have any questions or need further clarification, please do not hesitate to contact the transportation department at 867-456-3210 or info@standardbusyukon.com.

Thank you for your support as we prioritize safety for all our students.

Sincerely,

Hannah Flinn

Operations Supervisor
